SUMMARY

Fullstack Engineer & Architect with 25+ years of experience delivering scalable web and mobile ecosystems across industry and academia. Specialized in JavaScript/TypeScript (React, Next.js, Node.js) and Flutter. Proven track record of leading cross-functional teams, launching successful EdTech platforms to thousands of users, and directing advanced R&D projects.

WORK EXPERIENCE — INDUSTRY

Senior Software Engineer

2022 – Present

Fullstack Labs

– Architected and delivered production-grade web and mobile applications for high-profile clients across multiple industries, including a goal-planning platform for personal productivity and a suite of educational products serving 140M+ students globally, driving measurable improvements in user engagement, accessibility, and learning outcomes.

– Spearheaded complex, cross-cutting features — real-time draft-state management, cross-product SSO authentication, and student progress reporting — consistently delivering secure, scalable, high-quality solutions in fast-paced, client-facing environments.

Technologies: React.js, Next.js, Redux, Node.js, Sass, Python, Java.

Founder & Lead Developer

2017 – 2022

ImaginaKIDS — EdTech Startup

– Bootstrapped and scaled platform to 7k+ students, 100+ teachers, and 150k+ pages created; sustained R$300k ARR with sub-10% churn, validating strong product-market fit and hands-on product leadership from zero to revenue.

– Built and scaled web and mobile platforms end-to-end as lead developer.

Technologies: React.js, React Native, Redux, Firebase, Flutter.

Earlier roles (2003–2006): Web Developer at UFMA IT Center and Fapema — built and maintained institutional web systems and information management platforms. *PHP, MySQL, JSP/Servlets, JSF, JPA.*

WORK EXPERIENCE — ACADEMIA

Professor (Adjunct), Researcher & Innovation Leader

2006 – Present

IFMA (2006–2016) & UFMA (2016–Present)

– Taught undergraduate and graduate-level Computer Science courses across two major federal institutions for nearly two decades, supervising 7+ Master's students and publishing 6 journal articles and 48+ conference papers spanning distributed systems, IoT, mobile computing, EdTech, and wireless communications.

– Served as Director of the Department of Entrepreneurship & Innovation (DEMI/UFMA), coordinating 10+ funded R&D; projects, mentoring tech startups, and driving institutional entrepreneurship programs — while also serving as peer reviewer for IEEE conferences and Springer's Wireless Personal Communications journal.

EDUCATION

Ph.D. in Electrical Engineering · **Information Processing** — **2013**
Federal University of Campina Grande (UFCG)

M.Sc. in Electrical Engineering · **Computer Science** — **2006**
Federal University of Maranhão (UFMA)

B.Sc. in Computer Science — **2003**
Federal University of Maranhão (UFMA)

SKILLS

Expert	React.js, Next.js, React Native, Redux/Thunk/Toolkit, Node.js, Express.js, Flutter, TypeScript, HTML/CSS/JavaScript
Proficient	MongoDB, PostgreSQL, Redis, Firebase, Python, Google Cloud, Amazon AWS, Docker, Jest
Applied	Native Modules, Strapi, WebSocket, Socket.io, gRPC, MQTT, RabbitMQ
